The Pleasantville U.F.S.D. believes that all students should have access to technology. This means that students should act in a responsible, courteous and legal manner. Using the Internet and other online services that are available to students can offer a large amount of resources from around the world. Our goal is to enhance the educational development of all our students through technology.

Acceptable uses of technology are those that are devoted strictly to activities which support teaching and learning. The following are agreements about the use of technology in the Bedford Road School in the Pleasantville U.F.S.D.
